## WCMA “Technology Partnership” Program

The Wood Component Manufacturers Association (WCMA) has a “Technology Partnership” program to connect manufacturers of woodworking machinery, equipment, supplies, software, business solutions, etc. to WCMA member companies who utilize these services. This program is aimed at giving you opportunities to meet with our Members while providing you a forum to educate our Members on the latest advancements in your products and services.

### Benefits:

Wood Technology Expo during  
WCMA Fall Conference & Plant Tour Event  
Waterloo, Iowa; September 28 - 30, 2008

Benefits include:

Contact Table, Chairs, Electrical Connection & Sign

Four hours devoted to Wood Technology Expo

Participate in Educational & Roundtable Sessions

Tours of Woodworking & Manufacturing Plants
